

Paignton Canoe Club Member

Well it's the party season again so merry Xmas and a happy (upcoming) new year to everyone. Unfortunately at the moment it's cold and dry but I am sure Santa will give us the gift of some rain to bring the river levels up (fingers crossed!).

Back to business now: the newsletter will from now on only be sent to paid up members for 2014-2015. This includes those on courses because the course cost includes membership. If you are receiving this and have not paid your membership fees for 2014-2015 please either pay them or send an email to [newsletter@paigntoncanooclub.org.uk](mailto:newsletter@paigntoncanooclub.org.uk) to inform us you are no longer a member.

Thanks to everyone who has contributed to this month's newsletter. Please feel free to contribute to the next one.

## From The Chairman

Merry Christmas everyone!

December is upon us & the end of the year is coming. Families are important and it's a great time to get together & share good times. Our paddling family will be getting ready for our Christmas meal which looks like being a bumper event, possibly our largest number of revellers ever. This is definitely a tribute to every member of the club & our friendliness. It's also a great time to thank the committee & all our unsung helpers who make the club run smoothly. It's a good time to look back & thank Matt Read for his role as our previous Secretary. It came to light that Matt had been in the role for ten years, something that hasn't been mentioned before but should be noted. Cheers Matt.

Through local coaches a number of our paddlers have been Guinea pigs on various coaching courses. Both being led down new sections of rivers & being coached in new skills & techniques. On our own course it was lovely to see & paddle with a great group of (hopefully) future club paddlers on the Dart Estuary. Their enthusiasm for being out on the water was lovely. I hope to see everyone on the water somewhere, sometime & enjoying this great activity.

With a New Year approaching, what shall we do, where shall we go & what do you want to achieve? There's the possibility of a three star course, anyone interested? More camping, surfing, WW? Let us know either on the forum or through facebook. Finally, Thanks for another great year & looking forward to more.

Happy paddling.

Rob Cox

### **Beginners/Improvers Course**

(by Tim D)

The Beginner/Improver course comes to a close. Well done Karen, Georgia, Hazel, Darren, Jon, George, Rob and Jo. We had some great surf and estuary time to demonstrate the uses of the skills built up through the course. Keep practising and socialising in the pool on Tuesdays and join in the club activities through the year, whether that be on the Lower Dart, white-water and/or else salty water paddles. And join in the kayak football coming up now that we are not hogging part of the pool.

Thank you to Dan H, Rich O'B, Sam K, Nick C, Rob C, Pete V and Nigel S for your help on the water. Thank you to Jo R for the loan of boats. And Nigel P and Jeremy B for the trailer support.

### **Shetland 2014**

(by Steve D)

The white caps of the waves became more and more visible as we approached Shetland and then a cliff housing the runway on which we were to touch down. No, we did not come on flying kayaks, it was Logan Air. Geoff and I have wanted to kayak in Shetland for some years as it is a world re-known location for Sea Kayaking.

We arranged the trip through 'Wilderness Scotland' who were outstanding. Our group comprise two guides and 5 clients. Shetland is a big island with the group often travelling 45 minutes to a paddle start to ensuring we paddled in a weather protected patch of see. July in Shetland is like a standard October on Dartmoor (12 degrees c and damp). Being so far north and fairly close to mid-summer it never truly got dark. Lerwick had the feel of a frontier town due to a Total gas plant being under construction and 1600 workers being accommodated on two cruise liners and two floating accommodation blocks.

Our Six day paddle trip was awesome but one day stood out as the "Disney land for paddlers." It was our 18 kilometre circumnavigation of Papa stour. The Sea caves on the west side are rightly re-known and include Christie's hole which has been called the finest sea cave in Europe and the Hol o' boardie, 300m long tunnel through the North West headland, which is believed to be the fourth longest sea cave in the world. Sections of coast are honeycombed with caves and arches, truly the best day of the Shetland Adventure.

Other notable points of the trip included; Our lead guide demonstrated an interesting take on a rescue when one of our paddlers called "hot point" (as she went through the washing machine) went for a swim in rough conditions. He successfully rescued the paddler but followed up by losing both sets of paddles.

He also kindly demonstrated his version of "Angry Birds" by paddling under a sea bird resulting in him becoming coated in a noxious orange gloop. It is not clear which end of the bird this came from.

It is hard to get across how incredible Shetland is for those who enjoy exploring coastlines but where in our part of the world you may find a cave every kilometre along our shore in Shetland there are patches of coast that are jam packed with caves stacks and arches for hundreds of metres. It is a paddle holiday of a life time, perhaps one for your bucket list?

## **BIG Boat Pool Session Tuesday 16<sup>th</sup>**

Tuesday 16<sup>th</sup> December pool session will be a 'BIG BOAT' session. This for people to bring their longer sea and touring kayaks to be used in the pool, to be able to practice rolling, rescues etc in a warm environment

Please leave your smaller boats (that's all river boats including creek and play boats) at home and instead bring along your longer touring and sea kayaks to practice with in the pool. We will not be bringing the trailer boats but instead will bring the clubs larger boats (that we don't normally bring to pool sessions) to use, including the sea kayaks, double kayaks and canoes.

Cost will remain at £3 per member. And as always, please make sure that all boats and kit are clean before going in the pool.

All paddling trips and events are entirely weather dependent and because of this are often organized (and can be cancelled) at the last minute. So please keep yourself up to date with what's going on using.....
